Opera Solutions Ltd.
18th Floor, Yongda International Tower
2277 Longyang Road, Pudong New Area
Shanghai 201204, China

Dear recruiter of Opera Solutions Ltd.

At the suggestion of Shu Wen, with a suitable education background demonstrated and a keen desire to be part of Opera Solution, I am submitting my resume and wish to apply for the position of analytics specialist.

Although short on experience of statistical tools, I am full of effort and enthusiasm. I will get PhD degree of Chinese Academy of Sciences in 2015. During the period of school, I have got scholarships and titles of honor for many times. My problem solving, analytics skill, leadership abilities and English proficiency are as follows:

- Rich experience on C/C++, Python and Matlab, including implementation machine learning algorithm application.
- Familiar with the opensource projects about optimization methods and statistical learning, such as scikit-learn, OpenCV and so on, and can make good use of them for application development.
- Team leader experience in different academic contests, quick learner for new knowledge area.
- Fluent oral and written English, CET-6 passed.

Thank you for your time and consideration and I anticipate the opportunity for interview with you at your convenience.

Best Regards,

Xian Yang
